

SOAP SAVES LIVES EXPERIENCE

CTW Events provides an engaging way for companies, clubs, and service organizations to meet corporate social responsibility (CSR) and environmental, social, and governance (ESG) goals, improve teamwork, boost morale, and create a renewed focus on community.

Your group can host an empowering, impactful hygiene kit build where you work together to assemble hygiene supplies into kits including items such as **soap, shampoo, toothpaste, toothbrush, a comb and rotating items not limited to socks, or a loofah**; which are then distributed to shelters, missions, disaster relief efforts, or a number of other places within your community, or globally.

Why host a Soap Saves Lives Experience?

GIVE HOPE

Provide essential hygiene products to individuals facing challenges in meeting their families' fundamental necessities.

COLLABORATE

The bond formed and support given when people work together for a cause will yield benefits that surpass just an event.

PROMOTE IMPACT

Share with your social circle, volunteers, and beyond the differences you are making within the communities you represent.

CHANGE LIVES

By distributing the kits locally, you experience first-hand how something so simple can have a profound impact on someone's life.

Looking for a way to give back from home?

Similar to our in-person kit build, employees are sent a box of hygiene supplies directly to their home, including everything one might need so they can assemble hygiene kits and donate them directly to an organization of your choice.
